Work Experience

End-User Computing Co-op

May 2023 – January 2024

Meridian Credit Union, St. Catharines, Ontario

- Provided comprehensive technical support to remote and on-site staff, addressing a variety of IT-related issues ranging from hardware to software such as laptop reimaging, device repair/replacements, and device troubleshooting.
- Demonstrated proficiency in utilizing Microsoft Configuration Manager and PowerShell extensively for remote troubleshooting/assistance and deploying scripts to rectify vulnerabilities identified by the Tenable Nessus Agent.

Website Developer Co-op

September 2022 – January 2023

Civiconnect, Beamsville, Ontario

- Developed visually appealing and fully functional websites tailored to meet the unique requirements of local businesses. Collaborated effectively with cross-functional teams, including Digital Marketing and Systems Administration. Additionally, facilitated client presentations, showcasing prototypes and operational websites, to ensure alignment with business requirements and objectives.
- Followed Agile methodology during development, utilizing Figma for prototyping, React.js for development, ensuring cross-platform compatibility from desktop to mobile. Employed Strapi as the CMS content management.

Kitchen Expo

June 2021 – August 2022

Avani Asian Indian Bistro, Brampton, Ontario

- Oversaw kitchen operations by efficiently organizing food orders based on timing and size. Maintained clear communication with fifteen colleagues, including chefs and servers, to coordinate the timely delivery of orders. Ensured seamless coordination between the kitchen and dining room to prevent any discrepancies.
- Improved management proficiency through overseeing the entirety of kitchen operations and effectively managing all orders. Honed teamwork skills by collaborating closely with colleagues, strengthened customer support abilities through interactions with customers, and developed resilience in working under pressure to ensure smooth kitchen operations even during peak hours.

Education

Honours Bachelor of Science Computer Science Co-op

September 2020 – June 2025

Brock University, St Catharines, Ontario

- Completed all degree requirements, awaiting graduation in June 2025
